

## CHRONIC COUGHS

OFTEN THE BEGINNING OF CONSUMPTION.

Our Local Druggists, the Brock & McComas Co., Guarantee Vinol Will Cure Them.

Local Druggist Brock, of the Brock & McComas Co.: "This is the season for coughs and colds, and for the benefit of Pendleton people I want to tell them the best means for a cure.

"Don't dose the stomach with cough syrups. It's no use; they only soothe a little—upset the stomach and do not heal at all.

"The best cure we know is Vinol, which contains in a highly concentrated form all of the healing, curative elements taken from genuine fresh cods' livers, without a drop of oil or grease to upset the stomach and retard its work. It contains no sickening drugs whatever. Vinol is splendid for a lung or bronchial cough. It heals, cures and strengthens the sore lungs and bronchial tubes. It makes rich, red blood, builds up the appetite and creates strength; in fact, it is the best remedy we have ever sold in our store for chronic coughs, colds, bronchitis, and all lung affections.

"Besides the large number of Pendleton people who have been cured and made well and strong by Vinol, we receive many letters like the following:

"Hon. H. Mason of Jacksonville, Fla., writes: 'A couple of months ago I contracted a severe cold, which it seemed impossible to cure. It settled on my lungs, causing a hard cough, which kept me awake nights, and soon weakened my system so that I was unable to attend to my duties. Vinol was recommended to me by a friend and I began to take it as directed. The second night I had only one coughing spell, and within a week I was not disturbed once during the night.

"Naturally, my progress was fast after this, and my lungs healed rapidly, my strength returned, and I gained in flesh and health. In fact, this medicine restored me to a perfect condition, and now I feel much better and younger than I have for years. I certainly think it is a wonderful remedy to build up a run down system."

"We ask every person in Pendleton who has a chronic cough or hard cold to try Vinol on our guarantee to return their money if they are not satisfied." Brock & McComas Co., druggists.

## CHRISTMAS MONEY

VAST AMOUNT OF NEW MONEY IS REQUIRED.

As Much as \$10,000 in Pennies is Absorbed by Trade Demands in New York City Alone—Last Christmas the Treasury Furnished Six \$10,000 Gold Certificates to One Individual Who Needed Them as Gifts.

New York, Dec. 14.—The sub-treasury is kept busy these days filling the demand for Christmas currency. The amount of new money required at this season amounts in the aggregate to a very large sum, though naturally the greater demand is for coins and bills of the smaller denominations. Ten days or two weeks before Christmas, when the holiday trade approaches the floodtide, the New York department stores take great quantities of small coins from the sub-treasury. The amount taken in pennies is very large, as much as \$10,000 in pennies being taken at a time.

The requests for new currency are not, however, restricted to the humble copper cent, or even to one and five-dollar bills. Many new \$20 gold pieces are in demand. There are probably very few people who have any need of \$10,000 gold certificates for Christmas presents, and for the most part those who ask for such bills need no more than one of them. The rule, however, is not invariable. Last Christmas as many as six such bills were taken by the same individual to distribute on Christmas morning to the members of his family.

The association plans to place at once two million dollars' worth of insurance of Canadian manufacturing risks at a figure that is likely to prove much below the underwriters' tariff schedule.

The mission is expected to occupy several months.

## DIVORCE AND WAR

PECULIAR MATRIMONIAL CONDITIONS IN RUSSIA.

The War is Compelling the Authorities to Recognize Common Law Conditions, or Else Shoulder the Burden of an Enormously Increased Pauper List of Dependents, Who Are Not Technically Entitled to Pensions.

St. Petersburg, Dec. 14.—Most of the provincial authorities directing the distribution of alimony to the families of men serving in the war have decided to regulate the positions of the large number of households where there is no legal marriage owing to the Russian Orthodox church refusing to perform the ceremony unless both parties are of that communion, and to their being no civil marriage in Russia.

In place of the marriage certificate the zemstvos are accepting a written declaration announcing the parties bound to each other, and prepared to proceed to full marriage as soon as the law permits. The step was found necessary as many families physically resisted the taking of their men to the war until their claim to support was recognized.

Many Jews who have been taken to the war have consented to divorce on the understanding of remarriage should they return. Their marriage law in Russia refuses to recognize a widow as such unless the death certificate of her husband is signed by two eye-witnesses of his death. The rabbis refuse to accept the military returns where merely the fact of death by battle or hospital is stated. As in the great battles many hundreds are killed whose bodies are not recovered, their widows, if they are Jews, cannot remarry. Their authorities now sanction the temporary divorce.
